

Lesson 1: FileMaker Platform Overview

Lesson Overview

Section 1: What are FileMaker Apps?

Section 2: Product Line

Product Descriptions in Detail

Section 3: FileMaker Version Compatibility

Section 4: Accessing an App

Section 5: Real-World Use Cases

Section 6: Get Started Options

Lesson 1: Review Questions

Lesson 1: Review Answers

Lesson 2: Using Starter Solutions

Lesson Overview

Section 1: Choose a Starter Solution

Section 2: Quick Mobile Development

Lesson 2: Review Questions

Lesson 2: Review Answers

Lesson 3: Viewing and Working with Data

Lesson Overview

Section 1: Layouts

Section 2: Modes Within Layouts

Section 3: Views Within Layouts

Section 4: Records

Section 5: Working With Data

Creating a New Record

Duplicating a Record

Modifying Data

Saving Data

Deleting Data

Lesson 3: Review Questions

Lesson 3: Review Answers

Lesson 4: Finding and Sorting Records

Lesson Overview

Section 1: Specifying Search Criteria

Performing AND or OR Searches

Section 2: Extending and Constraining a Found Set

Section 3: Using Operators in Search Criteria

Finding Strings of Characters in a Field

Finding a Range of Data

Finding Exact Data

Section 4: Sorting Records

Choosing Sort Fields

Setting Sort Order

Lesson 4: Review Questions

Lesson 4: Review Answers

Lesson 5: User-Centered Design

Lesson Overview

Section 1: What is User-Centered Design?

Three Basic Principles

Think Goals Not Features

Think Differently

Section 2: Basic Principles

Section 3: Equipment Providers, Inc.

Lesson 5: Review Questions

Lesson 5: Review Answers

Lesson 6: Importing Data

Lesson Overview

Section 1: Converting an Existing File

Section 2: Converting Excel Files

Lesson 6: Review Questions

Lesson 6: Review Answers

Lesson 7: Creating Fields and Tables

Lesson Overview

Section 1: Create New Tables

Section 2: Field Types

Fields Used to Automate and Aggregate Data

Section 3: Create New Fields from the Field Picker

Lesson 7: Review Questions

Lesson 7: Review Answers

Lesson 8: Relationships

Lesson Overview

Relationship Types

Identifying Relationship Types

Section 1: Using Primary and Foreign Keys to Relate Tables

Primary Keys

Foreign Keys

Section 2: Creating Relationships

Creating Relationships

Lesson 8: Review Questions

Lesson 8: Review Answers

Lesson 9: Layouts

Lesson Overview

Section 1: Creating Layouts

Layout Parts

Section 2: Adding Fields to a Layout

Selecting Fields from Field Picker

Section 3: Layout Themes and Styles

Themes

Styles

Section 4: Creating More Layouts

Lesson 9: Review Questions

Lesson 9: Review Answers

Lesson 10: Layout Design Tools

Lesson Overview

Section 1: Status Toolbar and Inspector

Inspector

Section 2: Layout Resizing

Layout Width

Screen Stencils

Selecting, Resizing, and Moving Objects

Section 3: Guides and Grids

Dynamic Guides

Ruler Guides

Object Grid

Section 4: Using Layout Design Tools

Lesson 10: Review Questions

Lesson 10: Review Answers

Lesson 11: Special Layout Objects

Lesson Overview

Section 1: Portal

Section 2: Tab Control

Section 3: Slide Control

Section 4: Popover

Section 5: Web Viewer

Lesson 11: Review Questions

Lesson 11: Review Answers

Lesson 12: Formatting Field Objects

Lesson Overview

Section 1: Data Formatting

Section 2: Conditional Formatting

Section 3: Field Control Styles

Section 4: Value Lists

Lesson 12: Review Questions

Lesson 12: Review Answers

Lesson 13: User Interface Best Practices

Lesson Overview

Section 1: User Interface Best Practices

Read the Human Interface Guidelines

Read the FileMaker WebDirect Guide

Lesson 13: Review Questions

Lesson 13: Review Answers

Lesson 14: Calculations

Lesson Overview

Section 1: Creating Calculations

Specify Calculation Dialog

Creating Calculation Fields

Section 2: Functions and Operators

Functions

Operators

Boolean Results

Lesson 14: Review Questions

Lesson 14: Review Answers

Lesson 15: Scripting

Lesson Overview

Section 1: What Are Scripts?

Script Steps

Section 2: Creating and Organizing Scripts

Organizing Scripts

Section 3: Editing Scripts

Section 4: Triggering Scripts

Section 5: Buttons & Button Bars

Single Step Scripts

Create email with file as attachment

Section 6: Startup Script

Lesson 15: Review Questions

Lesson 15: Review Answers

Lesson 16: Reporting

Lesson Overview

Section 1: Subsummary Reports

Subsummary Parts

Summary Fields

Using Subsummary Parts to Enhance User Experience

Section 2: Charts

Quick Charts

Lesson 16: Review Questions

Lesson 16: Review Answers

Lesson 17: Integration

Lesson Overview

Section 1: Sharing Data With Outside Users

Exporting Records

Saving as a PDF

Section 2: Integrating with Other Data Sources

Section 3: What Is ODBC?

External SQL Sources (ESS)

Import from ODBC Data Sources

Execute SQL Script Step

Lesson 17: Review Questions

Lesson 17: Review Answers

Lesson 18: Security

Lesson Overview

Section 1: Prompt for Login

Section 2: Accounts

Section 3: Privilege Sets

Lesson 18: Review Questions

Lesson 18: Review Answers

Lesson 19: Deployment

Lesson Overview

Section 1: Network Sharing

Using FileMaker Pro

Using FileMaker Server

Section 2: Opening FileMaker Files

Opening Local Files

Transferring Files to an iOS Device

Opening Hosted Files

Lesson 19: Review Questions

Lesson 19: Review Answers
